EXPLANATION OF BALANCE ON WHICH FINANCE CHARGE IS COMPUTED FOR CONSUMER LINES OF CREDIT ONLY

Daily Balance Method (including Current Transactions)

We figure the finance charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. To get the "daily balance" we take the beginning balance of your account each day, add any new advances, and subtract any unpaid finance charges and any payments or credits. This gives us the daily balance.
